Local Items.

Interesting matter, original or selected, may always be found on the first page.
OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.
We call attention to the excellent letter from Fairfax in our paper to-day. We think we may state positively that the writer of that letter will not vote for any so-called Democratic candidate. His memory is too good for that.
SEND IN THE RETURNS.—We shall be obliged to our patrons, or other friends in the different towns in the county, if they will send us the returns of the elections in their towns, immediately after the result is known, or as soon after as possible. Especially do we desire a statement of the ballots cast respectively for Mr. Barlow and Mr. Atwood; also for Mr. Soule, if any there shall be.

REGISTER! REGISTER!—Every Republican who is a voter in this town should see that his name is on the check list. All persons who have never taken the Freeman's oath, must apply to the Board of Civil Authority on election day for that purpose, and, when that oath has been administered to them, their names will be at once inscribed on the voting list and they can vote.

AN EXCURSION AND PICNIC.—The members of the French Canadian Society of John the Baptist, of St. Albans are to have an excursion from this place by way of the lake, to Plattsburgh, on Thursday September 3d, and will hold a picnic at Bailey's grove, one of the finest groves in the State of New York. St. John the Baptist Society, of Burlington will make an excursion to the same place, at the same time, and join the St. Albans Society in the picnic. The St. Albans Brigade Band will be present, to furnish music for the occasion, as will also the Plattsburgh Band. At Plattsburgh the two societies known as "l'Union Canadienne," and "St. Joseph Society," will receive the visiting Societies, and altogether we think the arrangements are such that, with the blessing of fine weather a very pleasant and agreeable time may be anticipated and enjoyed. Our French fellow citizens beat the Yankees out of sight in planning and "executing" pleasures of the kind contemplated.

The Committee of Arrangements on the part of the Society in this place consists of the following gentlemen, viz: Antoine Moussette, President; L. H. Biron, Chs. Marchessault, Xiste Treteault, and Lewis Lerche. The boat will leave St. Albans Bay at seven o'clock, A. M.

We extend cordial thanks to Mr. Moussette and the Society for the complement of tickets for the excursion, etc.

Fairfax Correspondence.

P. O. FAIRFAX, VT., }
[AUGUST 25, 1868.]

MESSRS. EDITORS:

Agreeable to public notice, there was a political gathering of the Democratic persuasion, on Saturday night last, at the Town Hall in Fairfax, to listen to a speech from T. S. McGinnis of Jericho, one of Vermont's Democratic Missionaries. The meeting was organized by the appointment of S. B. Hunt, President; C. Giddings, J. T. Parris, Vice Presidents; and L. Cady, Secretary. The speaker on being introduced to the audience, consisting of thirty or forty men and boys, full one-third, the latter, regretted there were so few present, and proceeded to refresh the memory of his hearers upon the political history of the U. S. from the time the colonies declared their Independence down to the issues of the present hour. The speaker in passing along labored hard to keep in constant view the purity of the Democratic party over a period of ninety years, when it would seem, from the recollection of her history since, he feared that there might be some person present who did not look upon all Democrats as being political saints, he declared that "they had not at any time violated the Constitution compact of the Union, and if any man said so he was a liar, and the truth was not in him." True, the Southern wing of the party, under the provocation of the Republican Platform of 1856, succeeded; in so doing they committed a great wrong; but then they only followed the example set by Massachusetts in 1850, when that State refused to give up Burns to his rightful owner, whose property Burns was under the law and Constitution.

On ascending, (for the speaker raised his voice,) from the political history of the Democratic party, to the Republican party, the speaker crowned the climax of his political proselyting by the oft repeated argument of taxation, &c., which reminded us of a good old sister in the church, who, on rising to speak, said: "Brethren! I am happy to find you still chewing your old cud."

True it is—there is a wide margin for Democratic Missionary work in Fairfax, but until time shall efface from memory, and the record grows dim upon the marble slabs which mark the resting place of our fathers and noble sons, (who had not fallen but for the apparent sympathy of the Democratic party at the North with the rebel cause,) the field in Fairfax will not be white for the harvest.

Yours, E. B.

UNITED STATES COURT.—The U. S. Court will be open daily in the Chambers of Judge Smalley, in the Custom House Building, Burlington, to all persons desiring naturalization, until after Election.

SWANTON.—The Episcopal Society in this place contemplate building a new Church at an early day. Nelson Bullard has given a building lot and two hundred dollars, and Dr. G. M. Hall and Hon. V. S. Ferris have each given six hundred dollars towards the enterprise.

Messrs. J. W. & O. Dorman, of the well known firm of Dorman, Gould & Co., have sold out their stock of goods and interest in trade to Messrs. J. A. Gould and G. W. Squires, both enterprising and obliging young men.

C. E. Wilson has bought out C. C. Long, of the firm of Long & Blake in the Tin and Hardware business.

The Congregational and Methodist Sabbath Schools take an excursion to Alburgh Springs on Wednesday 26th inst., and hold a picnic in the grove near the residence of the Hon. Giles Harrington. Munsell's Cornet Band will furnish music.

THE REVENUE LAW.—The amended Internal Revenue law of July 20, 1868, contains provisions which are of special interest to a portion of our business men, and for their benefit we specify some of its requirements:

All persons, including hotels, eating-houses and groceries, whose annual sales of tobacco, snuff or cigars exceed one hundred dollars, shall pay each five dollars per year, and two dollars per thousand on sales of each additional thousand dollars.

Section 78 also provides that on the 1st of every month, until January 1st, 1869, it is the duty of every dealer in manufactured tobacco, having on hand more than 20 pounds, and of snuff more than ten pounds, to make a true inventory, to be left with the Assistant Assessor of the Division; after which time all is deemed to have been manufactured since the act was passed, and must be stamped as required by the provision of the new law.

Also all persons having more than 5,000 cigars on hand must, within thirty days from July 20th, 1868, make and leave with the Assistant Assessor a true inventory of the same, and on the 1st day of every month thereafter, until April 1st, when all must be stamped as required by the new act.

NORTHERN NEW YORK.—The camp meeting for the Plattsburgh district commences September 18th. It will be held at West Chazy.

The Teachers' Institute of Clinton which was organized on the 18th, was a most interesting and instructive meet-

ing. Superintendents Smith and M. Culloch, with J. B. Poucher of Oswego, and Professor Williams of Buffalo were its instructors.

On the 20th inst. the northern section of the Plattsburgh and Whitehall Railroad was formally opened, an excursion train with a party of seventy, including the following directors of the road: Gen. John Hammond, President; Hon. N. Lapham, Vice President; Hon. T. Hoyle, Treasurer; Hon. M. K. Platt, James Rogers, Esq., and M. J. Myer, Esq., also Geo. F. Harris, contractor, and fine delegation of the leading business men of Plattsburgh, and several ladies, left Plattsburgh, and proceeded as far as Salmon River, a distance of five miles, which is the point of completion as yet. In ten days it is expected that the track will be laid to Peru. The road is progressing well, ten miles have been finished on the Essex section, and it is expected that the road will be built from Crown Point to Ticonderoga before December.—Times.

HON. BRADLEY BARLOW.—We notice a spirited contest is going on in Franklin County in reference to one of the Senators, between the Hon. Bradley Barlow, Republican candidate, and Hon. Victor Atwood, Democratic nominee. It will be remembered that, by a side issue upon local questions, Mr. Atwood defeated Mr. Barlow last year. While we have the highest respect for Mr. Atwood personally, and as an industrious, intelligent gentleman, we must be allowed to regard this contest as one of importance to the Republican party in Vermont, as well as to the interest of the State at large. Mr. Atwood is a Democrat of Mr. Seymour's School, and it is highly important that Vermont should show a united front in the Senate at the coming session, as indicating the sentiment of the majority of the people of Franklin County, and its influence upon the elections of other States, that our State may not be misrepresented, as being divided upon any of the great political issues of the hour. Mr. Barlow should receive the undivided Republican vote of the County of Franklin. He is a gentleman who, at the outbreak of the rebellion, promptly gave up his former political affiliations for his country, and gave his earnest efforts to the support of the Union cause, and on every occasion has exerted his influence in favor of the maintenance of the Government, and deserves well of all the Union men of the State.

But still other considerations demand the election of Mr. Barlow. He is a gentleman of undoubted ability, and one of the most useful and valuable legislators Vermont has ever had in the General Assembly. In saying this, we make no general expression, but speak from personal observation of his course as a legislator. Before his affiliation with the Union party, he was often times a member both of the House and Senate, and was on all occasions acknowledged to be among the most useful and valuable members of either body, acting upon questions with a regard to the public welfare. We do no more than justice to Mr. Barlow in saying what is conceded throughout Vermont, both by opponents and friends, that he is, in a legislative capacity, a gentleman beyond reproach, a skillful and successful debater, a parliamentarian scarcely without a peer in the State, and who always acts with honorable and faithful regard to what he believes to be the interests of the commonwealth, without reference to local considerations. Such is the man, and it is the duty of the people of Franklin County to do him justice and return him to the Senate, as one who will do them honor, and who will be one of the most influential, discreet, honorable, and most useful legislators that ever held a seat in Vermont. Franklin County will honor herself and do great service to the State by the election of Bradley Barlow to the Senate.—Rutland Herald.

Naturalization and the Check List of Voters.

The Election being close at hand, it is desirable that there should be a clear understanding of the law respecting the naturalization of aliens and the check list of voters in this town.

Three classes of aliens may be naturalized.
First—Those who have resided in the country five years preceding their naturalization, one of which must be in the State where the Naturalizing Court is held; and who shall have, at least three years previous to their admission to citizenship, duly declared their intention of becoming citizens.

Third—Aliens who have enlisted in the armies of the United States, either the regular or volunteer forces, and have been honorably discharged, may be naturalized without any previous declaration of their intention to become citizens, and they are not required to prove more than one year's residence within the United States previous to applying for naturalization.

Persons resident in the United States, and under the age of 21 when their fathers are naturalized, become thereby citizens and do not require to be naturalized themselves.

The laws of Vermont allow no one to vote at Freeman's meeting unless he has resided in this State one full year next preceding the election; nor can any one vote for Representative to the Legislature and Justices of the Peace, except in the town or city where he shall have resided for three months next preceding election day.

Under the laws of this State, no person can vote in this town unless his name is inscribed on the check list prepared by the select men, except such persons as may take the Freeman's oath on Election day.

THE ELECTION.—The New York Sun counts up 184 electoral votes for Grant 75 for Seymour, and 35 doubtful. The Grant States are Alabama, Arkansas, Florida, Illinois, Indiana, Iowa, Kansas, Louisiana, Maine, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, Nevada, New Hampshire, North Carolina, South Carolina, Ohio, Rhode Island, Tennessee, Vermont, West Virginia and Wisconsin. The States reckoned for Seymour are California, Connecticut, Delaware, Kentucky, Maryland, New Jersey, New York and Oregon, Georgia and Pennsylvania are considered doubtful, and Mississippi, Texas and Virginia will not vote.

"Obtaining money under false pretences"—vending miserable hair preparations. A trade that is fast dying out, however; for the universal popularity of "Barrett's Vegetable Hair Restorative" is rapidly putting a stop to such contraband traffic.—Richmond Enquirer.

The Cattle Plague

A diabolical attempt was made last evening to throw the train from the track on the Worcester and Nashua railroad. The obstructions were noticed by engineer in time to frustrate the villains. A similar attempt was made on Wednesday last.

NEW YORK, 26.

The health authorities are making strenuous efforts to suppress the disease among cattle arriving in this city. On Monday in a drove of 18 animals from Missouri, two of the number were discovered to be suffering from disease one was unable to stand and was killed.—The apparently well animals were placed in quarantine. The State Commissioners continue their investigation of the plague at Buffalo. It made its appearance among several droves in that city on Thursday, six animals from different yards were condemned and from Monday to Saturday over 53 was condemned, and the remainder not considered advisable to allow to be sold for food. The suddenness with which the plague developed itself was instant. On Friday evening, a lot of fine Indiana cattle in carloads, arrived in Buffalo, apparently healthy and sound. On Saturday several of them were discovered to have the malady of which they showed no symptoms a few hours previous.
